Big Picture Learning Australia Scholarship Fund

"The Big Picture learning design and its adaptability allowed me to move through some difficult times in my personal life while still learning and having the support I needed to excel."

Brandon, employed in environmental science

"Big Picture helps me get what I need just by giving me the flexibility and opportunity to not only study my passion, but to study who I am, how I cooperate with others, how I learn, and how I like to present myself."

Natasha, studying for a Bachelor of IT

"I am using the skills
I learnt in Big Picture
to help improve my
community as well as
using my skills and
knowledge to obtain
my goals of working in
theatre."

Phoenix, training in Live Production Services

Growing numbers of young people in Big Picture Learning settings are finding purpose and meaning in their learning, and forming ideas about their futures.

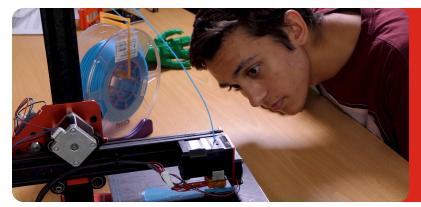

Unfortunately not all of our students have the means to access things connected to their interests, like art materials, musical instruments, tools, software, a new device, external courses, or to pay for travel and living expenses, to name just a few examples.

Let's make sure that *all* our students have what they need to get to where they want to go and become who they want to be.

Please donate today.

'One student at a time in a community of learners'

- BPLA aims to raise \$200,000 to help students who, without extra support, may struggle to reach their full potential.
- Scholarships of \$1,000 per student for one year will be provided for students in Years 7 to 12.
- The money will go towards the purchase of goods or services that will assist BPL students who are experiencing economic, social or physical hardship.

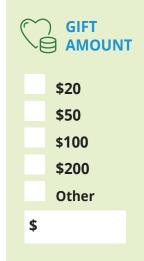

Donate now to help a student thrive.

All donations of \$2 and above are tax-deductible and at PEF we ensure that no more than 12% of your gift goes towards administrative expenses.

YES, I wish to donate to Big Picture Learning Australia via the Public Education Foundation

I would like my donation to support: **Big Picture** Learning **Australia**
